Magnus Health SMR Login and Quick Guide

NOTE: For best results, use a computer (not a tablet or smartphone) with Chrome as your browser. Start at the Pinewood School website, www.pinewood.edu. Click the login button at the top right of the page.

When the login page opens, enter your username and password—remember, only PARENTS have access to Magnus Health so you must login with parent login credentials—student credentials will NOT get you in.

From the website parent portal page, click the Veracross icon located in the middle of the page. While you are on the portal page, please take note of the useful resources that are also available there, e.g. Student/Parent Handbook, community service information, 2016-17 Vacation Calendar, final exam schedules, etc.

On the Veracross Parent Portal, click the Magnus Health Portal link located to the right and slightly above your child’s image. Many of the resources available on the website are also available here.

When the Magnus login page opens, re-enter your username and password.
Your Magnus account will open with an introductory Tutorial. The next screen will be your Magnus desktop. If you have more than one child, there will be a separate listing for each child.

Click “Complete Now” to get started on your child’s To Do-List. Each To Do List is child specific and you will only see requirements that pertain to your child.

The Student Health Tracker will open with the full list of requirements that need to be completed. As you complete each requirement, the status bar on the right will show your progress. There are three types of requirements—online forms, print and sign documents, and electronically signed documents. Please remember that ALL print and sign forms must be submitted to Magnus after you complete them. Completed forms can be uploaded directly from your computer, or can be mailed or faxed directly to Magnus along with the appropriate child- and requirement-specific coversheet. Submission information is attached to each requirement. Please do NOT return these forms to Pinewood.

Print and sign forms can be printed off individually, or as a group by clicking the Print Blank Forms button at the top left of the page.

If you run into trouble, there is a help button located at the top right corner. Or feel free to contact Laurie Wilson (lwilson@pinewood.edu) or one of the campus office managers.

As you work through the steps, please remember that much of what you are doing will ONLY be done once, when your child first enters Pinewood. In coming years, you will only be asked to update and refresh the existing information.
