

Panther Pledge

The health of a community is entirely dependent upon responsible personal behavior by ALL members. Here at Pinewood, we have gone to great lengths to layer multiple mitigation strategies; these have been detailed in our "Safety and Operations Manual." For these strategies to be effective, our students, staff, and families must consistently adhere to personal behaviors outside of school that reflect best practices for limiting the spread of infection. These best practices include the unfailing use of face coverings, keeping physically distant (6 feet or more) from those outside your family or designated group, frequent and thorough hand washing, limited travel, and strict avoidance of all large gatherings.

As a school, we cannot be the enforcers of best practices off campus. However, we do expect that you will consistently observe the best practices recommended by the CDC, state, and county.

Whether you are on campus or off campus,
we ask that you...
