

Pokémon and Super Mario Themed After School LEGO®

Join Brick Tech as we introduce your child to STEM basics by building guided projects out of LEGO® pieces! Participants will build everything Mario and Pokémon such as Gyms, Pokéballs, Go-Karts, Green Pipes and obstacle courses. Participants will be introduced to STEM topics as they build and play with their favorite characters from both Pokemon and Super Mario. Join us this winter as we prepare for battle with Team Rocket and train to defend Princess Peach from the evil Bowser.
